

Chart Your Course

Castleberry ISD Secondary Showcase

What is CHART YOUR COURSE?

Chart Your Course is a Secondary Showcase of all that Castleberry ISD has to offer its students during their time in Castleberry School District. Chart Your Course is a community wide event targeting students in 5th through 11th grades, and their parents. At this event students and parents will be able to see an exemplary performance created and performed by the CISD Fine Arts Department. Attendees will see performances by the CHS Band, Choir, Theatre, Mariachi, and Art Department. The event is family friendly and will highlight and be hosted by our Castleberry students. This event is co-sponsored by our ever-evolving Castleberry Career & Technical Education Department, and our outstanding Fine Arts Department. Together we hope to share with you, student performances, student's work, various programs of study, and how students can start planning now to take full advantage of the many opportunities that Castleberry ISD offers to our students and our community. Teachers, Staff, Administrators and most importantly, student participants will be available to share personal stories and reflections, answer questions, and provide insight into the various program offerings that students will begin choosing from in the month of March. Additionally, counselors will be available should you have any questions regarding the sequence of courses that your student would need to complete as a part of his/her endorsement.

Parents and students will also have the opportunity to participate in two to three of the mini-sessions that we will be providing on various subject such as:

- ✓ Transitioning from Elementary to Middle School
- ✓ Challenges of Going from Middle to High School
- ✓ Parent University
- ✓ Dual Credit and Advanced Academics
- ✓ Community GED Program Opportunities
- ✓ Selecting the Right Courses for YOU!
